New model for 2023

UDOIT Dance Foundation aim to make street dance accessible for all, so we looked at the National Schools Championships day and thought of how we could make it more appealing for more people to attend, & maximise the day to its full potential.

We wanted to evolve what is already an amazing day & create it a celebration of all things street dance.

This includes:

- **Showcase** the impact of our other programmes (*Street dance for seniors, Anti social behavior project, IAM mental health movement, Satellite clubs etc*)
- Opportunities to **learn** (Workshops that serve more purpose than just learning new dance moves)
- Opportunity for those who like to **Compete** (national schools dance competition)
- Opportunity to **network** (partner organisations can come learn what we do and how we can work together)

The particip8 series will feature the National Schools Dance Competition

Taking away the pressure of qualifying for a final, we have now made each National Schools 'Open', so every team can have the experience of competing around the UK against other regions without the wonder of if you're going to qualify!

National Schools Dance Competition Information

The UDOIT! National Schools Dance Competition offers a fantastic opportunity for dancers from academic schools to showcase their talent through platforms they may not have had access to previously.

Dancers are encouraged to participate in workshops with a framework that promotes realistic and measurable goals, from a wide range of dance styles taught by industry professionals.

The competition is brought to you by UDOIT! Dance Foundation, a charity that works in partnership with Sport Wales, Sport England & UDO, and many other local organisations, to provide all-inclusive dance programmes to children and young people of all ages and backgrounds across the UK.

The Championships are aligned with, and representative of, UDOIT! Dance Foundation's mission and objectives. Recognising that dancers and potential dancers from both primary and secondary education do not have as many opportunities to showcase their personal best, express themselves and/or compete.

The day will consist of:

- Group Competitions
- Workshops
- Awards Ceremony

The event is held during the school day, so we would ask that Head Teachers allow pupils to participate and represent the school at this National event.
